

For more than a decade, OIL SAFE® has been the oil transfer management system preferred by leading companies around the world.

Best practice operations around the world count on OIL SAFE® to deliver clean oil from bulk storage to the point of use.

Innovative, practical and durable, the fully sealing and color coded OIL SAFE® system

The Advantages of Oil Safe:

- Makes lubrication work easier, faster, safer and cleaner.
- Protects expensive lubricants from contamination.
- Reduces machinery downtime.
- Improves productivity.
- Increases bottom line savings.
- Is proven, simple and reliable.
- Improves ISO, BRC and IFS compliance.
- Has withstood the rigors of most demanding work environments.

Ordering Information

Mini Spout

100409	Yellow
100408	Red
100402	Blue
100405	Green
100403	Dark Green
100407	Purple
100406	Orange
100401	Black
100404	Grey
100400	Beige

The Oil Safe Spout Lid is ideal for lubrication jobs where equipment filler holes are small. Outlet diameter approximately 7mm.

Stretch Spout

100309	Yellow
100308	Red
100302	Blue
100305	Green
100303	Dark Green
100307	Purple
100306	Orange
100301	Black
100304	Grey
100300	Beige

The Oil Safe Stretch Spout lid is designed for use where precise pouring of lubricants is required including hard to reach areas. Ideal for lower viscosity oils (less than ISO 220).

Stumpy Spout

100509	Yellow
100508	Red
100502	Blue
100505	Green
100503	Dark Green
100507	Purple
100506	Orange
100501	Black
100504	Grey
100500	Beige

This Oil Safe wide spout model is especially designed for applications where a high lubricant flow is desired. Spout has a 25mm opening.

Utility Lid

100209	Yellow
100208	Red
100202	Blue
100205	Green
100203	Dark Green
100207	Purple
100206	Orange
100201	Black
100204	Grey
100200	Beige

The Oil Safe Utility lid is multi purpose lid with large outlet hole ensuring controlled fast pouring of lubricants. The lid also fits the 3,5 or 10 litre Drums for use with the Oil Safe Pump.

Storage Lid

100109	Yellow
100108	Red
100102	Blue
100105	Green
100103	Dark Green
100107	Purple
100106	Orange
100101	Black
100104	Grey
100100	Beige

With the Oil Safe Storage Lid, Oil Safe Drums can be pre-filled for storage or easier transportation.

Drums

1.5 liter	101001
2 liter	101002
3 liter	101003
5 liter	101005
10 liter	101010

Fully interchangeable with any Oil Safe Lid, these drums have an extra wide neck opening for rapid pouring and easy cleaning.

Standard Pump

This high quality down-stroke discharge pump is perfect for quickly and easily accessing hard to reach and time consuming top up points, such as gearbox and transmission applications. Supplied with a 5' removable discharge hose for easy cleaning and drainage. The pump delivers 1 liter for approximately 12 strokes.

Premium Pump

This heavy duty discharge pump is color coded (by way of removable colored collar), has an ultra comfortable D handle grip, and has fully serviceable internals for maximum life. Supplied standard with a 5' anti-drip outlet discharge hose, color coded body collar and Viton O-Rings. This pump can also be easily converted for quick connect use and delivers 1 liter for approximately 12 strokes.
